## Superintendent's Report

---

### *To the School Board:*

I herewith submit my fourth annual report, it being the eleventh in the series of such reports.

Snowville School is the only one open. All other schoolhouses have been sold. In Snowville twenty-two pupils are in attendance. Four children attend the Nickerson School in Madison and four attend school in Brownfield. The calendar this year calls for 180 days in Eaton schools. This will give the school full days for excellent work.

The school is progressing well under the care of Miss Edith M. Gilman, who comes to the school after an excellent record in the schools of Tamworth. Eaton is fortunate to secure such a fine, experienced teacher to continue the good work of Miss Ward.

A class of two graduated last June. We now have six pupils in Kennett High School at Conway: Alfred Nelson, Seth White, Bernice White, Allan Kenneson, Lawrence Bean and Robert Bean. There is a large eighth grade now at Snowville and we expect the number in high school next year will be larger than at the present time.

The physical welfare of the children received special attention this past year. Those who desired had toxin-anti-toxin treatment against diphtheria. All the pupils had full dental care at a clinic held in Snowville. The school district was aided by Red Cross funds. This clinic should be repeated each year. The success of children in the schools depends in large degree on the physical health. Parents should cooperate fully when notified of defects in the children.

For the year ending June 30, 1930, our school had an average attendance of 21, an average membership of 22 and a per cent. of 95. This is a gain of two per cent. over the previous year.

Eaton should be proud of its school and the building in which it is housed. The school house is neat and attractive, equipped with modern desks and a special heater. During the summer, chemical toilets were installed, making the conditions much more sanitary and wholesome. A new chimney replaced the old one. This is built outside, removing danger of damage to furniture in case of dripping creosote.

During the coming year the building should be equipped with electric lights now that electricity is available. On dark days in the fall the light is poor and children are in danger of straining their eyes. More slate blackboard should also be installed. Let us give the children every advantage which will be for their future welfare.

Provisions should also be made for handwork. A bench and a few tools would give the pupils an opportunity to learn construction and to apply knowledge. Such action would be in line with many progressive schools.

On September 1, James N. Pringle succeeded Ernest W. Butterfield as State Commissioner of Education. Our state has met with a distinct loss in the departure of Mr. Butterfield, who for ten years, has guided the schools so successfully during the period of transition and growth under the new state law. However we are pleased that he has an entirely worthy successor.

Mr. Pringle comes to the position of commissioner with a full knowledge of conditions which he, as deputy, has had a large share in developing. We are glad to welcome Mr. Pringle, believing that the school welfare in New Hampshire is under safe, conscientious, and wise direction.

Respectfully submitted,

F. W. JACKSON,  
Superintendent.

February 1, 1931.

## Report of Librarian

Our shelves have been augmented the past year by one hundred and one books, seventy-seven being juveniles, but of equal interest to adults.

We have been fortunate in our selection, having nineteen series aside from those selected from favorite authors.

Gifts have been eighteen books of Marryat's writings, from Mrs. Louise Nesmith. They are of fine binding and in excellent condition.

Our fund has been increased by two gifts: One of \$5.00 from Mrs. Mary Comstock, and one from Mrs. Adams of \$2.00; also one fine (not imposed) of \$1.70.

Considering the fact that the library is open from 9 A. M. to 9 P. M. and seven days each week, we are sure our trustees will not be criticised if they grant my request of having paper hung on Library Hall. Steps were taken several years ago to renovate Hall and paper partially removed, which gives a dilapidated appearance. We are so sure this will be granted us, that we are thanking all in advance.

F. IDA ROUNDS,  
Librarian.
